

Gallup is pleased to introduce Auxanõ Team Ltd. as its official exclusive licensing partner beginning January 1, 2023 to deliver Gallup-Certified Strengths Coaches training in French.

Auxanõ Team Ltd. will serve as Gallup's only provider and licensed distributor of the curriculum in France and Switzerland.

This strengths coach training program is the only course that leads to the certification by Gallup, is recognized by HRCI, ICF and SHRM internationally, and comes with Gallup-approved training and materials. Once certified, coaches can then enjoy a host of exclusive benefits, including participation in Gallup's international directory of certified CliftonStrengths coaches.

Based on over four decades of research, CliftonStrengths is an invaluable opportunity to understand and apply the principles of strengths-based development so that individuals, teams and organizations learn, grow and develop. Through the partnership with Auxanõ Team, both organizations will continue to advance the global strengths-development movement.

Auxanõ Team empowers people, positively transforms workplaces and changes the way people lead by using the science of strengths.

Gallup delivers forward-thinking research, analytics and advice to help leaders solve their most pressing problems. Combining more than 80 years of experience with its global reach, Gallup knows more about the attitudes and behaviours of the world's constituents, employees and customers than any other organization.
